

PUT YOUR CAREER IN GEAR

Technician Development Program

Attention students! Are you looking for an exciting and challenging career that combines problem-solving, technology and cutting-edge equipment? Consider a role as a heavy equipment service technician. This high-demand field offers excellent job security and great earning potential while providing you the opportunity to work on the most advanced and powerful equipment in the world.

We're currently seeking self-motivated, dedicated students to join the team through our technician development program. Through this program, you'll earn your associate degree while gaining practical experience developing your skills alongside an experienced professional. If you enjoy hands-on work and want to be a part of the industry that builds the world around us, apply today to get started.

ASSOCIATE DEGREE

We'll help you become a certified technician while you earn your associate degree in applied science at any of the authorized degree programs.

PAID TRAINING

Get paid for the hours you work learning how to repair equipment from a technician mentor. You'll be eligible to contribute to our 401k program with a 6% company match!

TUITION REIMBURSEMENT

We'll reimburse you for 50% of your tuition costs after each semester, as well as books and other applicable on-campus expenses.

GUARANTEED EMPLOYMENT

Following graduation, we'll offer you full-time employment at any of our branch locations as a service technician.

About Us
