In-Stock at Midway

Thin Patch™

General purpose, 1" to featheredge patch and resurfacer.

ChemPatch™ Form & Pour

Flowable, high strength, repair material, ideal for parking garages, bridges, any vertical or overhead repairs where forming is required.

Polyseal™ WB

Water-based cure and seal, 25% solids, ASTM C309 and ASTM 1315.

ChemSeal™ Foundation Gray

Cement based dampproofing coating for concrete and masonry. Natural gray slurry coating, ideal for concrete block, rubbing out poured walls, negative side dampproofing internal walls.

ChemSpeed™ 75

Fast setting, high early strength deck patch ideal for bridge decks, parking decks, airport runways. Place down to 20°F

Silencure™ SRT

3 in 1 cure, seal and penetrator for new concrete in a water-based formula. No waiting 28 days to seal! Medium sheen, hides imperfections, great repellency. Applies the same day. 5 year protection.

Conset Grout™

General purpose construction grout. Meets 1107 grout specifications.

ChemPlug™

Fast setting hydraulic cement for stopping active water leaks in concrete. Two minute set time.
